

THE STYLISH
ALTERNATIVE TO TILES

Majestic Collection:
Silverdale Limestone

A responsible choice...

Showerwall is manufactured in the UK using the latest equipment and techniques, providing a technically sound and quality finished product. From point of order to the best-in-class product packaging, our dedicated sample and aftersales service ensures your complete satisfaction, every time.

We are fully committed to going beyond existing regulations, to minimise any impact on our environment, protect people's health and safety, and make labour relations and social issues an integral part of everything we do.

All Showerwall laminate wall panels are manufactured using materials that are both recyclable and sustainably sourced.

We're serious about our impact on the planet. That's why we're making changes to leave as little mark as possible. From recycled materials to biomass recycling, scan the QR code to watch a video about the things we've already implemented across the business.

You can find out more by scanning the QR Code.

Whilst images and swatches give a good indication of a decor, nothing compares to seeing how the real thing will work in your space. Order your free samples online at www.showerwall.co.uk. Other useful information is also available online; including help finding your nearest retailer and fitter, installation videos, and our handy visualiser tool.

THE COLLECTIONS

Explore our diverse collections of bathroom wall panels - featuring high-gloss acrylics, refined textures, and sleek contemporary laminates. With designs to complement every interior style, our range offers beautiful solutions for all spaces, with options to suit a wide variety of tastes and price points.

Laminate

THE MAJESTIC COLLECTION

The Majestic Collection includes a range of luxurious designs characterised by a variety of authentic finishes, delivered on our new waterproof coreboard, Hydrocore.

THE TILE COLLECTION

The Tile Collection delivers the design and feel of tiles with the functionality of panels, complete with realistic grout lines.

THE IMPRESSION COLLECTION

The Impression Collection is full of character including rich earthy tones and tactile finishes that bring each individual decor to life.

THE ORIGINAL COLLECTION

The Original Collection is a range of versatile popular decors, from shimmering designs with lustre to marbles for a more refined feel.

Acrylic

THE ACRYLIC COLLECTION

Our Acrylic range maximises colour with a polished glass-like finish. Utilise Solid Colours, stunning Murals and Patterns, or create something bespoke with the Acrylic Customisation service.

Solid | Murals | Patterns

Compact

THE COMPACT COLLECTION

Our Compact range gives the look and feel of subway tiles without the hassle of grout.

LAMINATE COREBOARD CHOICE

The coreboards are marked throughout the brochure with the following icons:

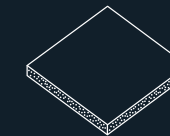

HYDROCORE

NEW Waterproof core exclusive
to the Majestic Collection

PLYWOOD

Impression, Original and
Tile Collection

EXTERIOR-GRADE MDF

Impression and Original
Collection

FINISHES

Our decors come in a range of different finishes; from gloss to authentic textures. For easy distinction, the finish of our decors are marked throughout the brochure with the following icons:

Gloss

A high shine finish creating a
smooth, brilliant appearance

Texture

A structured surface that emulates
the feel of organic material

Matt

A soft to touch flat surface with
low light reflectivity

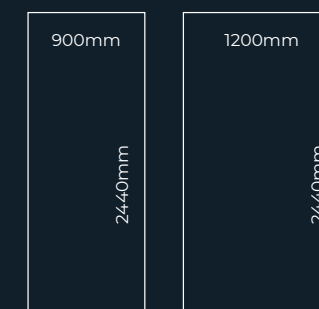

Synchro

An authentic finish that creates
realistic texture

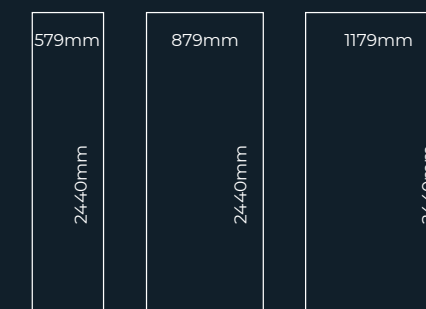

Choose from square cut panels or take advantage of our Proclick technology which achieves seamless almost invisible joints without the need for joining trims. The precision-engineered click system ensures fast, hassle-free installation, allowing panels to lock securely into place with ease. Please note that Tile panels are only available as 600mm wide Proclick.

Proclick Technology

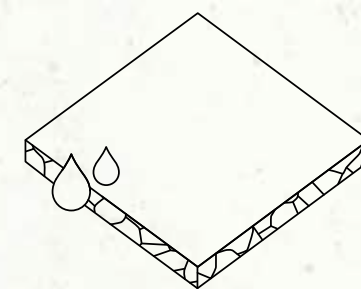

Introducing the **NEW Majestic Collection**

17 Brand new trend inspired
decors on a brand new
100% Waterproof Core.

The Majestic Collection is a distinctively luxurious approach
to a sophisticated and effortlessly chic bathroom.

Hydrocore is exclusive to
the Majestic Collection
and provides a completely
waterproof foundation for the
collection's striking designs.

Introducing Hydrocore - our NEW waterproof
coreboard, available exclusively across the
Majestic Collection. Crafted from high-
performance polyurethane, Hydrocore resists
impact, moisture and mould. Its lightweight
design ensures effortless handling, while
providing a completely waterproof foundation
for the collection's stunning decors.

Hydrocore is built on the principles of a circular economy, where
materials are continuously reused and never become waste. It is
manufactured using pre-consumer polyurethane waste and production
offcuts, transforming discarded resources into valuable products.

GET INSPIRED

These installations showcase just how versatile and impactful our panels can be - transforming spaces both large and small, classic and contemporary.

Each project is a reflection of personal style and clever design, proving that whether you're refreshing a compact cloakroom or renovating a spacious family bathroom, our wall panels provide a flawless finish that truly makes a statement.

Let these real-life spaces inspire your next bathroom transformation.

THE MAJESTIC COLLECTION

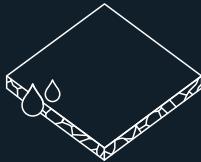

Transform your bathroom into a serene and stylish retreat with this beautifully curated collection. Featuring captivating finishes - from soft metallic sheens to the raw appeal of natural wood and stone - these designs add depth, character, and a touch of understated opulence to any interior.

Custom Solid Colour

Co-ordinating Acrylic Panels

Be bold with contrasting colour or create a complementary palette in your bathroom. Acrylic panels can be printed in any colour as stand alone walls or co-ordinate with an Acrylic or Laminate design.

GET INSPIRED

Take a look at how our customers have turned everyday bathrooms into truly personal spaces. These real-life installations show the creativity and individuality that bring our panels to life - transforming functional rooms into warm, welcoming retreats.

From clean, modern looks with a minimalist edge to cozy rustic designs inspired by nature, each space reflects the unique character and style of the people who live there.

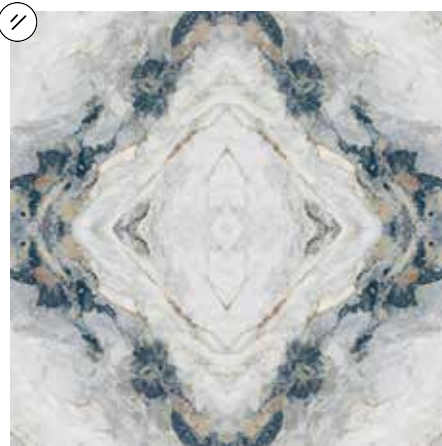

MURALS

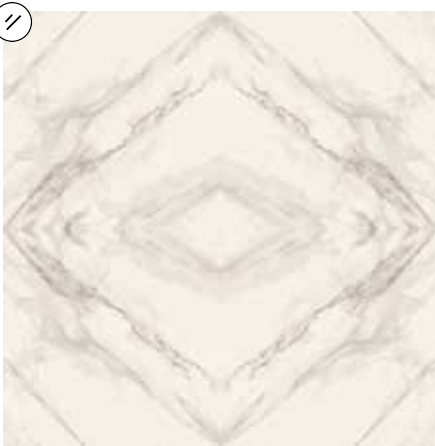

Beautiful book-matched marble

Book-matched marble in bathrooms introduces a level of opulence and sophistication that transcends conventional design. This exquisite technique involves mirroring two consecutive slabs of marble to create a symmetrical pattern, akin to opening a book. The result is a visually striking and seamless display of natural beauty, with veins and patterns flowing seamlessly across surfaces like art on display.

Note: These designs are available as a pack of 2 x 1200mm wide panels panels only.

NEXT STEPS | LAMINATE

Three steps to create your waterproof Showerwall system with our Laminate product.

1 | DECOR

Select a decor from our exculsive range.

2 | PANEL DETAILS

Select the size, edge finish and number of panels required.

3 | WATERPROOF SYSTEM

Select the co-ordinating accessories required for your choice of coreboard.

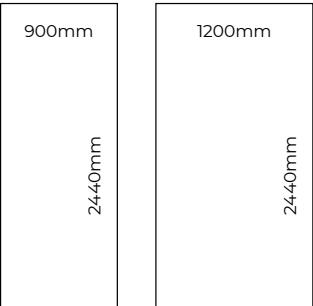

1 | DECOR

Select your decor from our 4 collections; *Majestic / Tile / Impression / Original*.

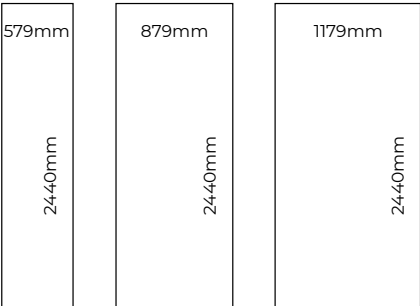

2 | PANEL DETAILS

Choose from square cut panels or take advantage of our Proclick technology which achieves seamless joints without the need for joining trims. Please note that Tile panels are only available as 600mm wide Proclick.

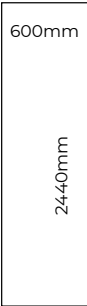

Square Cut Panels

Proclick Panels

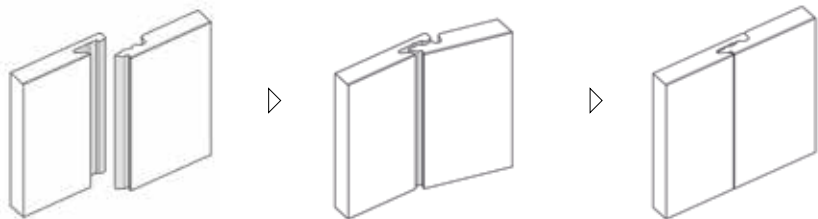

Proclick Tile Panels

Majestic, Impression and Original panels are 10.5mm thick, and Tile panels are 10.2mm thick.

Decors from the Majestic collection come as standard on our NEW waterproof coreboard, Hydrocore. The Impression and Original collections are available with either a Plywood or Exterior Grade MDF core, giving you the choice that best fits your project. The Tile collection is manufactured with a Plywood core as standard. All Showerwall laminate decors are in stock and available with no minimum order quantity.

Proclick technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims. Due to a slight difference in thickness, Proclick Panels are not compatible with Proclick Tile Panels when being installed side by side.

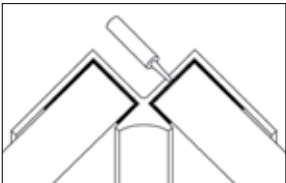

3 | WATERPROOF SYSTEM

Our two-part system ensures a watertight seal and comes in a range of colours to match any décor. It's easy to install and maintain. Not required for the Majestic Collection, which is 100% waterproof by design.

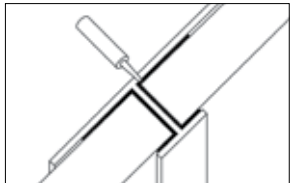

TRIMS

To ensure a watertight finish, trims must be used on outer edges and corners with panels from the Original, Impression, and Tile Collections. Panels from the Majestic Collection do not require trims for waterproofing, but optional finishing trims are available to neatly cover exposed edges and complete the look.

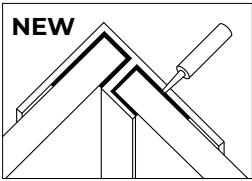

Five trims are available dependant on where you would like to fit our panels. Note: all trims measure 2450mm in length and should be sealed using Showerwall sealant.

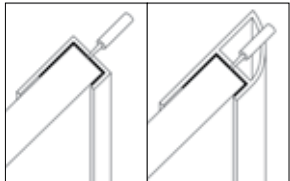

Internal corner
Used on all internal 90° corners

Joining trim
Used to mount panels side by side

External corner

White Gloss

SURESEAL

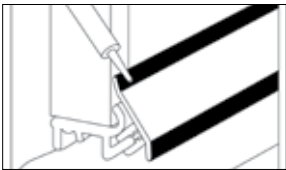

At the base of the Showerwall panel, even greater sealing performance is achieved using Sureseal. Fit and forget using the only maintenance-free shower seal on the market with no future resealing required. This four point sealing system is quick and easy to install, leaving the entire base of the panel encapsulated in sealant without any unsightly lines. Sureseal measures 2450mm long.

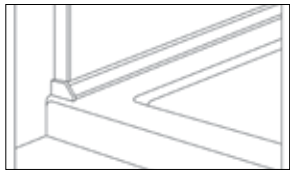

Seal one
Sealant between seal & tray

SEALANT & ADHESIVE

We recommend that Showerwall's own brand of adhesive and sealants are used for the effective fitting of Laminate product. Our Showerwall guarantee only applies if the correct products are used when fitting Showerwall panels.

NEXT STEPS | ACRYLIC

Three steps to create your waterproof glass-like walls with our Acrylic product.

1 | DECOR

Select a decor from our extensive range.

2 | PANEL DETAILS

Select the size and number of panels required.

3 | SEALANT

Coordinate the sealant with your choice of panels.

1 | DECOR

Select or create your wall from our collection.

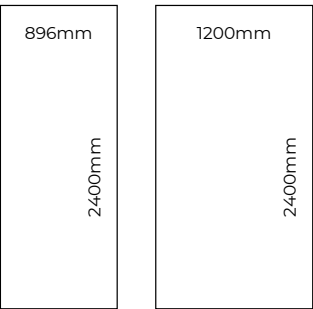

2 | PANEL DETAILS

All decors from the Acrylic Collection are manufactured from a 4mm thick acrylic sheet that is rear printed to create a polished glass-like finish. This material is 100% waterproof and therefore it does not require any trims; panels are simply joined together using sealant.

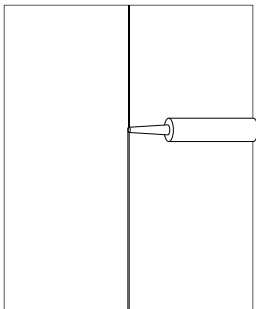

Panel Sizes

Acrylic Collection panels measure **2400mm** in height, and are available in either **896mm*** or **1200mm** widths.

* Note that booked-matched designs are supplied in packs of 2 x 1200mm panels only.

All Acrylics panels are 4mm in thickness.

Panels are simply joined together with sealant.

3 | SEALANT

Translucent Silicone Sealant should be used to adhere acrylic panels to the wall as well as seal the joins between panels. We recommend that Showerwall's own tried and tested brand of sealant is used for the effective fitting of the Acrylic product.

Note: Our Showerwall guarantee only applies if the correct products are used when fitting Showerwall panels.

Please ensure that you follow the complete instructions or alternatively watch our installation video, both of which can be downloaded from our website.

NEXT STEPS | COMPACT

Three steps to create your tile-like walls through a waterproof system with our Compact product.

1 | DECOR

Select a decor.

2 | PANEL DETAILS

Select number of panels required.

3 | WATERPROOF SYSTEM

Select the co-ordinating trims and accessories required.

1 | DECOR

Select your decor from our collection.

2 | PANEL DETAILS

Compact panels are square edge and manufactured from a solid 3mm composite material with an embossed tile effect surface. Compact collection panels measure 2440mm in height, and are 1220mm wide.

All Compact panels are 3mm in thickness.

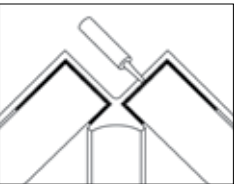

3 | WATERPROOF SYSTEM

Our Compact product comes with a system of trims which ensure a watertight seal; available in a range of colours. Easy to install and maintain.

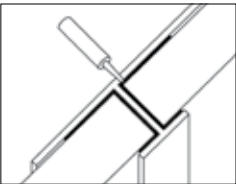

TRIMS

In order to ensure a watertight finish, trims are required for the joins and outer edges of the panels, as well as both internal and external corners. Four trims are available dependant on where you would like to fit our panels.

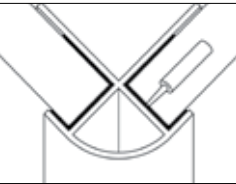

Note: all trims measure 2450mm in length and should be sealed using Showerwall sealant.

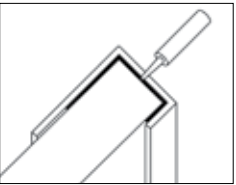

Internal corner
Used on all internal 90° corners

Joining trim
Used to mount panels side by side

External corner
Used on all external 90° corners

End trims
Finishing end trims for panels

SEALANT & ADHESIVE

We recommend that Showerwall's own brand of adhesive and sealants are used for the effective fitting of Compact product. Our Showerwall guarantee only applies if the correct products are used when fitting Showerwall panels.

INSTALLATION

Fitting our shower panels is easy. Full installation instructions are provided with every panel and we highly recommend watching the Showerwall installation videos which are accessible via YouTube and www.showerwall.co.uk.

Failure to comply with the Showerwall installation instructions, including the recommended use of Showerwall sealant, adhesive, trims, and Sureseal, where required, will invalidate your guarantee.

Showerwall provide a range of adhesives and cleaners which have been selected and tested for use with our products.

Showerwall Panel Adhesive 350ml

Showerwall Silicone Sealant 300ml Translucent

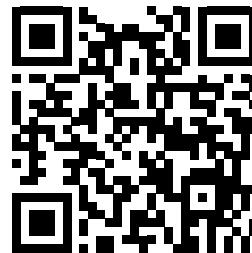

Showerwall Silicone Sealant 300ml White

SHOWERWALL FIND A FITTER

Visit our Find A Fitter programme on our website, through which you can find installers from across the UK who are ready and waiting for you to contact them.

Simply scan the QR Code and enter your postcode to begin your search.

CARE AND MAINTENANCE

Showerwall is more hygienic and easier to maintain than tiles. The nonporous surface provides excellent protection against bacteria, especially in the areas between tiles that are traditionally grouted. SuperClean anti-bacterial cleaner kills germs and keeps hard surfaces clean without scratching and is recommended for the optimum life and performance of your Showerwall panel.

Abrasive cleaners and bleaches must not be used on Showerwall panelling. Sealant needs to be replaced at regular intervals - failure to do so may cause water ingress and subsequent panel damage.

Showerwall provide a cleaner that has been selected and tested for use with our products..

Showerwall Anti-bacterial cleaner 500ml

A smart waterproof system combined with the character of organic materials; built to last and easy to install.

GUARANTEE

When installed correctly using the recommended fitting guide and accessories, Showerwall is guaranteed to be free from defects for 30 years, from the date of purchase. A copy of the Showerwall guarantee is available to download from www.showerwall.co.uk.

Note your Showerwall panels carry a 30-year guarantee that is limited to domestic use against manufacturing defects, only when registered online at www.showerwall.co.uk. If the purchase of your panels is not registered within 28 days of the installation being completed, then the guarantee is reduced to a 15-year term.

ENVIRONMENTAL RESPONSIBILITY

Showerwall laminate panels are manufactured using coreboard materials that are both recyclable and sustainably sourced.

We're serious about our impact on the planet. That's why we're making changes to leave as little mark as possible. You can find out more by scanning the QR Code.

DISCLAIMER

Any reference to Showerwall waterproof panelling system refers to all elements of the Showerwall system being fitted together. Showerwall panels must be fitted in accordance with the fitting instructions and must use Showerwall trims, including Sureseal, sealant and adhesives as appropriate, to ensure the system is both waterproof and guaranteed. Due to variations in the photographic and printing processes the colours shown may vary compared to the actual product. Natural stone decors will vary to replicate variances in this type of material, and there will generally be shade variances between individual panels which is not grounds for complaint. All panels, irrelevant of decor type, must be inspected carefully before installation. Any concerns raised must be clarified prior to installation. It is recommended that actual product samples and retailer displays are viewed prior to purchase.

We reserve the right to amend the specification of the products shown without prior notice. E&OE.
