What makes Utopia the ideal choice for your next project?

Options for any budget

Whether you are looking to undertake a big or small bathroom renovation project, let us help elevate your space with a wide range of products to suit any style, size or budget.

Fitter friendly

All our furniture is pre-built factory assembled, saving you time during installation. All units are fitter friendly.

Saving you time

In many cases, Roseberry furniture may be pre-drilled for handles in readiness for ease of fitting of the handles, saving valuable installation time and reducing installation costs.

No hidden handle charges

For our complete Roseberry range, handles are included in the unit price, so no hidden extra charges.

Always a quality feel

All units come as standard with soft close drawers or doors for a quality feel.

Bespoke worktops

We have our own inhouse bespoke worktop department, dedicated to creating the perfect bespoke worktop to match your exact needs, with an array of different material types and finishes to choose from.

Customer support when you need it

Our experienced UK-based in-house customer support team are on hand to deal with any questions or issues.

For over 35 years Utopia has been synonymous with British quality

Since 1989 our ethos has always remained the same; to offer creative and inspiring bathroom solutions, designed and manufactured here in the UK to the very highest specifications.

With an emphasis on style, our ranges have always led the way in British bathroom design. Our innovative and creative approach to British bathroom design has always put us one step ahead of the rest.

Every Utopia bathroom is hand-built to order in our state-of-the-art manufacturing facility in the heart of the UK. We use the finest, most sustainable materials and craft our furniture to the very highest quality standards with longevity in mind.

British-made quality, at a price you wouldn't expect

We are extremely proud to be a British manufacturer situated at the heart of the Midlands.

Every Utopia bathroom is hand-built to order in our state-of-the-art manufacturing facility in the heart of the UK.

We use the finest, most sustainable materials and craft our furniture to the very highest quality standards with longevity in mind.

We're proud to be an award-winning brand

We're delighted to have been voted Best British Bathroom Furniture Brand for five of the past nine years, a genuine endorsement of everything we stand for at Utopia.

Designed to recognise and reward excellence, The BKU Awards represent a truly independent stamp of approval as industry professionals in their thousands vote for nominated companies to determine who really is the best of the best.

Awarded 'Best Bathroom Furniture Brand' in 2017, 2018, 2020, 2023 and 2025 and Finalist in 2019, 2021, 2022 and 2024.

We take our environmental commitments seriously

We strive to engineer products with the longest possible lifespan. That's better for you and better for the environment.

Our cabinets don't travel across the planet to reach you, they are despatched direct from the point of manufacture in the heart of the Midlands, saving hundreds of tonnes of carbon every year. From the raw materials we choose for our furniture down to the paper we use in our offices, every decision we make is led by our commitment to the environment.

Our sustainability commitment

To reduce our waste

All of our offcut and sawdust waste that isn't suitable for recycling is used on site as biomass fuel to heat our offices and factory. Our cardboard packaging is cut on site to the exact size, minimising surplus waste and making transport more efficient.

To use locally-sourced, certified or recycled raw materials wherever possible

We're proud to be a British manufacturer and always strive to support other British suppliers and manufacturers. We always attempt to source our raw materials as close as possible to the point of assembly in order to keep transportation emissions to an absolute minimum.

To build quality products that last

To ensure complete reliability and longevity of our products, we work very closely with the companies who supply our components so that we always source the best possible option.

Add to this our own rigorous in-house testing facilities and you can be sure that your beautiful Utopia bathroom will give you many years of service.

100% of timber used in our furniture is FSC® certified

We exceed annual Environment Agency recycling targets

Our cardboard packaging is cut to exact size on-site to minimise waste

All of our offcut and sawdust waste is used as fuel to heat our factory

Upgrading our own delivery fleet to cleaner and more efficient vehicles

ROSEBERRY

Welcome to the perfectly
painted world of Roseberry

Tell your story with Roseberry painted timber bathroom furniture

We have designed Roseberry bathroom furniture to be as versatile as it is stylish. With so many configurations available, you can create your very own Roseberry bathroom heaven.

Smaller space solutions

The Roseberry collection features a selection of elegant compact units to suit the very smallest of cloakrooms.

Double up

Our washstands are also available in twin basin configurations. Opt for twin sit-on washbasins (see page 18) or twin undermount basins, as shown here, in either stylish matt Coralux or traditional ceramic.

Vanities with super storage

Our Roseberry vanity units are perfect for concealing pipework. Choose from doors or drawers.

Get creative with Modular units

Creating a more contemporary look using Roseberry wall mounted furniture is easy. Roseberry now features stunning matt black brassware and sanitaryware options, as well as on-trend brushed brass accents.

Elegant washstands

Our graceful open washstands feature solid oak towel slats for an authentic rustic feel.

Opulent curves

Our luxurious curved timber units are the ultimate bathroom centrepiece. Available in wall mounted or freestanding (shown here), and in a choice of widths.

Fitted to perfection

Our Roseberry Fitted collection is the ideal way to create maximum storage within your space. Team cabinets with matching filler panels and plinths for a perfect wall to wall fit.

Roseberry Wall Mounted in Rose Quartz

featuring Roseberry Fitted furniture in London Grey

Create a striking and unique look in your bathroom by mixing and matching Roseberry finishes, the bolder the contrast, the bigger the impact. Delicate Rose Quartz is partnered here with bold London Grey, all subtly accented with brass handles, tap and accessories. Tiles, too, can play a major role in the overall impact of any scheme. A herringbone format and contrasting grout transforms these tiles into a visually stunning feature.

Roseberry Wall Mounted in Peacock Blue

Peacock Blue is the key to this scheme that mixes vintage style tiling and lighting with richly patterned ceramics. Kew Classic Cream tiles contrast with the textured grain and vibrant colour of the washbasin unit and the stunning feature bath with coordinating painted skirt.

Where space is tight in a cloakroom or smaller bathroom, a short projection basin is an ideal space-saving solution. It's full width but less deep than a conventional basin so perfect for use with reduced depth furniture.
The compact Monet Round short projection washbasin has two tap holes and is shown here with Salino hot and cold basin taps with chrome accents

Compact washbasins

Cloakroom basins are more compact in every dimension than their full-sized counterparts. Short projection basins are full width, but have a shorter front-to-back dimension, allowing them to be used in reduced depth furniture.

Industrial Revolution

Repurposed industrial buildings offer masses of appeal but attractive original features such as exposed brickwork, high ceilings and concrete floors often needs softening and the indulgent Royal Mulberry finish is the perfect choice here. Dramatic matt black taps and handles add a contemporary touch while round mirrors and the contours of the double arrangement introduce gentle curves to the look.

Royal Mulberry is the perfect canvas for a contemporary matt black bar handle. See all handle options on page 90.

Build your perfect Roseberry run

Unleash your inner designer and build a unique run of furniture to suit your space and your requirements. Start with your washbasin unit – do you want one or two? Then build your run, not forgetting you can now add beautiful curved units at the end for extra storage and visual appeal.

Worktops

To complement our elegant Roseberry furniture we are delighted to present our range of Solid Surface worktops. Hand-crafted work surfaces that capture all the timeless beauty of natural stone. Smooth, tactile and hard-wearing, and certain to be the crowning glory of your cabinet.

Solid Surface worktop options

Versatile and luxurious, our handmade Solid Surface worktops can be formed to fit almost any unit configuration. Designed to replicate natural surfaces, Utopia Solid Surface worktop finishes feature stunning colour, pattern and tonal variations for a truly authentic natural look.

Choose from either 20mm or 22mm worktop ranges, each with their own unique choice of colour options.*

20mm Solid Surface worktops

Available in six finishes, with a choice of two edge profiles.

20mm Imperial White Solid Surface worktop with an inverted chamfered edge.

20mm Solid Surface is a synthetic material made from an acrylic polymer. It has a solid core and features realistic fixed and random veining to replicate marble and granite. In multiple widths and depths with cutbacks and curved contours, it is available with a choice of edge profile – chamfered or inverted chamfer.^A

22mm Solid Surface worktops

Available in eight finishes, with a chamfered edge profile.

22mm Snowstorm Solid Surface worktop with a chamfered edge profile and integrated Coralux Solid Surface undermount basin.

22mm Solid Surface has a 3mm solid surface veneer laminated on to an 19mm solid MDF core and protective backing sheet. All worktops are hand edged and profiled to order, and are watertight. In multiple widths and depths with cutbacks and curved contours, it is available with a chamfered profile.*

*22mm Solid Surface worktops are not available on Roseberry Curved units or washstands.

^A Inverted chamfer profile worktops are not suitable for use on Fitted furniture when using a semi-recessed washbasin.

20mm Solid Surface worktops

Made to order, our 20mm Solid Surface worktops combine the look of natural marble and granite, with the convenience, warmth and versatility of a man-made material. Available in six finishes with either a chamfer or inverted chamfer profile.

Mirrors

Light and reflection are essential parts of any new bathroom design and we've got a comprehensive selection ranging from simple mirror panels and framed mirrors through to co-ordinating mirror cabinets offering stylish storage for all shapes and schemes.

Mirror Features

We design and manufacture a collection of beautiful mirrors and mirror cabinets to add those all-important finishing touches to your bathroom, including some of the latest technological features. Our handy guide below provides an overview of what to look out for.

LED Illumination

Create mood and atmosphere with creative use of low voltage LED lighting and under unit mood lighting. Not only are LEDs energy efficient, they produce almost no heat and offer a longer lifespan compared with older fluorescent style lighting.

Sensor operated

Our sensor activated mirrors are activated by a simple swipe of the hand. Not only are these easy to use but they provide a more hygienic option with no fingerprints or marks on the mirror itself.

Optional Bluetooth connectivity

Play your favourite music or radio station in your bathroom via Bluetooth connectivity.

Touch switch operated

A gentle tap within the illuminated sensor area will activate or deactivate the lighting feature within your mirror.

Demister

Through the use of an integrated heated demister pad located on the back of the mirror glass, these mirrors offer a steam-free solution for your bathroom. The demister feature turns on automatically when the mirror light is activated.

Integrated shaver / toothbrush socket

Providing a handy socket solution to ensure your electric shaver or toothbrush can be easily charged.

IP44 Rated

These mirrors will be protected from solid particles that are over 1mm in size and low velocity sprays of splashing water from every direction. These mirrors can be fitted in zones 1, 2 and outside zones in a bathroom.

Magnification area

Integrated into the mirror design is an additional magnified mirror, perfect for shaving or applying makeup.

Roseberry Mirror cabinets

Combining large mirrors with excellent concealed storage space and under unit natural white LED mood lighting (colour temperature 4200 kelvins).

Utopia baths feature a Resinite coating for increased surface durability and a long life

All Utopia baths feature Resinite Bath Technology which provides triple layer reinforcement and a 5mm ICI acrylic top coat giving extra strength, rigidity and longevity.

Utopia baths are different

Utopia baths are made in the UK to the very highest standards. Our stringent quality control procedures ensure that each bath is checked thoroughly at every stage of manufacture.

Resinite coated baths offer the strength and rigidity normally associated with their heavier cast iron counterparts. The entire underside of each bath is coated in a layer of Resinite which provides excellent insulation properties, meaning your bath retains heat more efficiently, staying hotter for longer.

Automatic illumination with the Room Motion Smart Sensor

An inexpensive room motion sensor is the ideal way to control your bathroom lighting automatically. Simply programme it to your exact requirements to suit your lifestyle and let it do the rest for you.

Discreetly styled

With a white coloured face to be as subtle as possible, the sensor can be sited on any ceiling or flat surface.

Integrated timer
Select duration of illumination in your bathroom.

Discreet
Smaller than an average spotlight.

Simple to use
Easy removal of the sensor face to reveal control panel.

Perfect your lighting

Set the controls to suit your lifestyle, located behind the sensor's face.

(Full daylight)

Lux adjustment

The above setting position would activate the sensor, whatever the lighting conditions.

(Nighttime setting)

Time delay adjustment

The above setting position would ensure that the lights remain on for 3 minutes after the last movement in the room is detected.

We do not recommend the room motion sensor is used to operate any items with Bluetooth connectivity.

Terms and conditions

TERMS AND CONDITIONS

We hope you found our brochure inspirational and informative. We make every effort to display colours accurately, but cannot guarantee an absolute match on our website and in our printed material so you may find that products vary slightly in colour. Many of our products are made to order, meaning that some of our product sizes and measurements indicated in our promotional material may be subject to slight variation and we'd ask you to plan accordingly. All orders for furniture as well as bespoke worktops including the Integrated Coralux washbasin work surface cannot be cancelled or amended once they have been submitted to our manufacturing department.

SAMPLE SERVICE

You will find displays of our furniture styles, colour samples of finishes, worktops and tiles are available to view at over 550 Utopia specialist retailers across the UK. To find your nearest showroom visit our website. We also offer a free online sample service where you can order your preferred colours of finishes and worktops from our website to review in the comfort of your home.

GENERAL GUARANTEE TERMS

All Utopia products are designed and manufactured to comply with or exceed accepted industry standards and tolerances. In the unlikely event that a product fails to meet our high expectations it will be replaced free of charge. Any product deemed to fall within accepted standards and tolerances will be subject to a replacement fee.

GENERAL GUARANTEE:

1. Applies when:
 - 1.1 Products are installed correctly in accordance with our fitting instructions and are for domestic use in a room with suitable ventilation; we highly recommend the use of an extraction fan.
 - 1.2 Cisterns and taps are fitted in accordance with current local and national water regulations.
 - 1.3 Furniture is not used in a wet room environment or in frequent direct contact with water.
 - 1.4 Coralux Solid Surface products have been stored correctly in accordance with our packaging instructions; specifically these must be stored flat at normal room temperature prior to installation to avoid any distortion.
2. In the event of a product failure within the guarantee period (from the date of purchase) Utopia will supply a free of charge replacement for the failed item. If that part is no longer available, a nearest equivalent replacement will be supplied. Our guarantee is limited to the products supplied and does not cover any associated installation costs, consequential loss or damage claims.
3. The terms of this guarantee do not affect consumer statutory rights.
4. Any guarantee is limited to the original purchaser, is non-transferable and does not cover the purchase of ex-display items.
5. To obtain replacement parts in accordance with the terms of this guarantee, please contact the retailer who supplied the products.
6. Product guarantees may be invalidated through incorrect care and maintenance procedures. These are contained in the original product packaging and are also available from our Customer Services team.
7. All electrical installations must be carried out by a suitably qualified electrician. Your guarantee does not cover products incorrectly installed.

BATHROOM FURNITURE

Utopia furniture has been specifically designed and manufactured for performance in general bathroom use and carries a 5 year guarantee. All bathroom furniture will deteriorate through prolonged periods of exposure to high levels of condensation so bathrooms must be adequately ventilated using a suitable extraction fan to avoid this. Failure to ensure adequate ventilation may invalidate your guarantee. Bathroom furniture is not specified or designed for use in areas of regular or direct contact with water, particularly in wet room environments or where direct and/or regular water contact is prevalent. Any guarantee does not extend to this use. In respect of furniture containing electrical components, these items are unsuitable for zones 0, 1 & 2 installations. If you are in any doubt, please consult a qualified electrician. Please refer to individual product pages within the Utopia price list for IP rating information or bathroom zone suitability.

CARCASS MATERIAL

Many of our finishes are intended to replicate natural materials such as wood and stone where pattern and shade variation are distinct parts of the design.

CORALUX SOLID SURFACE PRODUCTS

Some of our Solid Surface worktop range is designed to replicate natural stone material and is subject to colour, tone and pattern variation. Coralux Solid Surface products are fabricated and finished by hand to individual order requirements and carry a 5 year guarantee. We strongly recommend you agree the measurements of any Solid Surface items against our order confirmation, as it may not be possible to make further amendments to orders after this stage, at which point any order becomes chargeable in full. If amendments are possible, charges may apply based on the stage of manufacturing completion at that time.

MINERALCAST PRODUCTS

Mineralcast products carry a 5 year guarantee and are supplied with a 2% dimensional tolerance.

BATHS

Baths are supplied with a 30 year guarantee against manufacturing defects. All baths are supplied undrilled. All baths are manufactured and supplied using high quality 5mm cell cast acrylic, are fully reinforced with Resinite technology and are delivered with a protective film to prevent scratching.

SHOWER SCREENS

All shower screens are supplied with a 5 year guarantee against manufacturing defects. All shower screens are supplied with 8mm toughened glass (except Symmetry with 6mm) and Clearshield technology, a permanent water repellent coating that reduces the growth of bacteria and mould. These products can be susceptible to damage during installation and any product faults must be reported prior to installation.

SANITARYWARE

Utopia sanitaryware carries a lifetime guarantee against manufacturing defects with the exception of the Quinn sit-on basins which carry a five year guarantee (dedicated Quinn waste covers 2 years) and is supplied with a 2% dimensional tolerance. Installation must be in accordance with the instructions provided and failure to comply with these may invalidate the guarantee. In respect of wall-hung products, recommended fixing brackets and frames must be used. These are not included with our wall-hung pans.

TOILET SEATS

A 2 year guarantee applies to all toilet seats and related components. It is the responsibility of the consumer to ensure that suitable cleaning products are used. Do not use abrasive cleaning products or cleaning products that contain chlorine or acids, as these may cause yellowing or peeling of the material. After cleaning, wipe the seat with a well wrung out cloth. Leave the seat and lid up whenever strong cleaning products are left in the bowl of the toilet pan to prevent damage from vapours.

CONCEALED CISTERNS

Concealed cisterns carry a 5 year guarantee against manufacturing defects. It is the responsibility of the individual installer to ensure that these products are fitted correctly and in line with the instructions provided.

BRASSWARE

Brassware products are either suitable for high or low pressure, some are suitable for both so please refer to the product description for further information. Brassware carries a 10 year guarantee on brassware and a 5 year guarantee on cartridges against manufacturer defects. Black and Brass finish brassware carries a 2 year guarantee. All basin and bath wastes carry a 5 year guarantee for chrome finishes and a 2 year guarantee for Ceramic, Matt Black and Brushed Brass finishes

TILES

We carefully select our range of tiles to co-ordinate with our furniture, however the production method of tiles mean that shading and colour may vary across different production batches. Order fulfillment will be from a single production batch wherever possible. We recommend taking all the tiles out of the box before installation and installing them according to slight shade differences rather than installing them directly from the box one by one. We recommend that you keep a note of your batch number in case additional tiles are required. Time difference from the original order will reduce the likelihood of the same batch being available. Our tile collection contains both wall and floor tiles. Floor tiles can be used on the walls but wall tiles are unsuitable for use on floors. In line with our restocking policy, a minimum of two full, unopened boxes can be returned within 28 days of purchase, subject to the tiles and packaging being in a resalable condition from the same batch and same original order.

COMMERCIAL APPLICATIONS

A 12 month guarantee applies to all products fitted in a commercial environment.

CARE AND MAINTENANCE

We always aim to provide the best quality products but there are occasions when this isn't possible. We have found that most issues stem from poor ventilation in bathrooms. We recommend that you ensure your bathroom is well ventilated using a suitable air extraction fan before our products are fitted. We regret that we cannot guarantee our products if they have been fitted in a poorly ventilated bathroom. Our specialist retail showrooms can provide advice and help you make the right ventilation choices. With proper care and maintenance your bathroom products will last for years to come. The best and safest cleaning method is to use only warm water or pH neutral cleaner with a soft clean cloth. Never use an abrasive cloth. Never use chlorine, caustic, acid or alkaline based cleaners.

OUR ENVIRONMENTAL COMMITMENT

Sustainability is high on our agenda and we strive to make the least environmental impact. From the wood we use, the energy we consume, to our transport logistics, we take care to ensure we operate as responsibly as possible. The information contained in this brochure is correct at the time of print as of June 2025. However, we reserve the right to alter materials and specifications in line with our continuing programme of product and service development.

HOW TO ACTIVATE YOUR UTOPIA GUARANTEE

Once your bathroom has been installed remember to activate your guarantee on our website. You will need to include the name of the Utopia retailer you purchased from.
