

The image is a full-page photograph of a modern bathroom interior. The background is a light-colored, textured wall. In the center, a large, round mirror with a thin, dark frame is mounted. To the left of the mirror, a macramé wall hanging with long, light-colored fringes is suspended. Below the mirror, a minimalist, light-colored stone or concrete sink is integrated into a thick, rectangular countertop. A sleek, dark metal faucet is mounted on the wall behind the sink. To the left of the faucet, on the countertop, sits a small black bottle of liquid soap and a small glass container with dried reeds. To the right of the faucet, a clear, textured glass vase holds a bouquet of dried, feathery plant stems. The overall aesthetic is minimalist and bohemian. In the top right corner, the 'ORIGINS LIVING' logo is displayed, consisting of a stylized 'O' made of four rounded shapes above the brand name in a sans-serif font.

OUR **DESIGN ETHOS**

Everyone Deserves Good Design

At Origins Living, our design ethos is all about creating and curating products that are fit for purpose, multi-functional and accessible to all, without compromising on style.

Using our wealth of design knowledge, we create pieces, which will help improve your wellbeing and environment. We place equal importance on premium quality materials, workmanship, functionality and aesthetics, to offer you high-performance products that will stand the test of time, without the huge 'designer' price tag.

We are working towards creating pieces that are appealing and can be used by as many people as possible, regardless of their cognitive or physical abilities. This is based on the principles of Universal Design and, at Origins Living, we believe that everyone deserves good design. The Centre for Universal Design define (UD) as "the design of products and environments to be usable by all people, to the greatest extent possible, without the need for adaptation or specialised design."

We aim to help you to enhance positive effects to transform every bathroom into a daily wellness retreat.

OUR BRAND **PARTNERS**

We choose our brand partners very carefully with you in mind.
We work with like-minded businesses which share the same vision ethos and values.

An elite member of the Italian design collective for over 60 years, Gedy is renowned for both its trend-setting style and work with international product designers including Mauro Artusio, Matteo Thun, Simone Micheli and Carlo Vietri.

Sonia, is a cool contemporary collection of bathroom accessories that encapsulates the very essence of luxe-living. Designed and manufactured in Spain, they utilise only the finest materials, including solid brass and are hand-finished to exacting standards that deliver looks, functionality and longevity.

Hello, and welcome

Once a purely practical space in the home, the bathroom has transformed to become a sanctuary, which cleverly combines daily practicalities with intelligent design and inclusive décor for the different needs of everyone in the home.

Making the most of the space you have

However spacious or compact, every spa-style retreat should both invigorate and energise and provide rest and relaxation. Investing in carefully considered pieces will make your bathing haven feel complete.

Embracing universal design

Everyone deserves good design with the ability to adapt to meet the diverse and evolving needs of multiple generations. At Origins Living, we are now designing and curating ranges based on the principles of Universal Design. We place equal importance on premium quality materials, workmanship and aesthetics, to offer you high performance products without the huge 'designer' price tag. The effect can be transformative, enabling a bathroom to go above and beyond to become an everyday wellness retreat.

So, enjoy your own relaxing, indulgent experience with Origins Living's; working together for harmony in every home.

CORPORATE SOCIAL RESPONSIBILITY

At Origins Living we strive to take all reasonable steps to trade ethically and sustainably. As a family business, we genuinely care and this has been at our core since the inception of the company in 1995.

We understand that every action we take has an impact on people and the planet and we remain committed to continual improvement in all aspects of our business.

We consider our role within corporate social responsibility to fall within two classifications; compliance and proactive. Compliance refers to our commitment to adhere to the legalities and commitment to upholding social & ethical values. Proactive relates to our own initiatives to help our communities and protect our natural environment.

You can read our full corporate social responsibility statement here

BATHROOM ZONES

Luminaires chosen for use in bathrooms are subject to certain wiring regulations and must be selected and erected, so as to be suitable for the external influences likely to occur at the particular point of installation. Such influences are likely to include steam (leading to condensation), falling drops of water and sprays and/or jets from shower heads.

All luminaires can be assigned an IP (Ingress Protection) rating. This relates to the protection afforded by the light fitting against penetration by solid particles or moisture. The IP rating consists of two numbers. The first number relates to the degree of protection against solid particles, the second to the degree of protection against moisture.

For bathroom use, the second number is the most significant. The required IP rating for light fittings in bathrooms depends on their actual location in the bathroom. The regulations divide the bathroom into zones (see illustration) which determine the IP rating. All luminaires used in a bathroom must be protected with a 30mA RCD, in accordance with IEE regulations.

Zone 0 Interior of bathtub or shower tray - IP68 and low voltage supply (max 12v).

Zone 1 Perimeter of bathtub or shower tray up to a height of 2.25m above the floor - IP44. Use IP65 where water jets are used for cleaning purposes.

Zone 2 Perimeter 0.6m wide around Zone 1 and a 60cm radius above washstands- IP44. Use IP65 where water jets are used for cleaning purposes.

Outside of Zones There are no stated requirements for IP. Luminaires should be suitable for their location and provide adequate protection against electric shock.

Continual Improvement

Our company policy is one of continual improvement and Origins Living reserves the right to amend designs and specifications without prior notice. The colours in this brochure are as accurate as colour printing processes allow. All measurements are subject to a manufacturing tolerance. E. O.E.
